About NPTEL ()

How does an NPTEL online course work?

()

Week 0: Prerequisite ()

Week 01: History and Research Methods of Cognitive Psychology ()

Week 02: Object Perception and Recognition ()

Week 03: Attentional Processes and Cognition ()

Assignment 5

The due date for submitting this assignment has passed.

Due on 2024-02-28, 23:59 IST.

Assignment submitted on 2024-02-23, 20:12 IST

All questions are compulsory.

Marks [1x10= 10]

 Psychologists believe that the capacity of long-term me 	1)	Psychologists believe	that the	capacity	of long-term	memor	v is
---	----	-----------------------	----------	----------	--------------	-------	------

1 point

- unlimited.
- 7 + 2 items.
- 18 items.
- 5000 items.

Yes, the answer is correct.

Score: 1

Accepted Answers:

unlimited.

2) Learning a rhyme that begins "One is a bun, two is a shoe" is part of the mnemonic technique called the:

1 point

- method of loci.
- technique of interacting images.
- keyword method.
- pegword method

Yes, the answer is correct.

Score: 1

Accepted Answers: pegword method

3) A retrieval cue will be effective if and only if it reinstates the context of the to-beremembered event, according to the principle of: 1 point

Week 04:	levels of processing.	
Memory	mnemonic learning.	
Introduction ()	encoding specificity.	
	working memory	
Week 05: Long Term Memory ()	Yes, the answer is correct. Score: 1	
V	Accepted Answers:	
Clec 1 : Long-	encoding specificity.
